[smart-e-webinar booking form](#)

Our web based seminars represent an efficient way to develop practical knowledge, delivering expert advice and guidance to you without leaving your workplace. Simple webinars offer a low cost and time efficient training option. They can be accessed from the internet, eliminating the need to take time out of the office and avoid expensive travel costs. Book a meeting room with computer and data projector at your facility and invite your colleagues to join you for a **single fee of £65** (members) or £85 (non members) per session, payable at time of booking.

Technical seminars last 60-90mins with the opportunity to ask questions during or at the end of the session. The events are scheduled on different manufacturing topics of interest to engineers and production staff working in printed circuit board assembly.

Subject

Date

Robotic Contact & Laser Soldering in Production Wednesday 11 January 2017 – 14.30

Please complete this form on screen and email

Registrant's name should be the company representative attending the webinar and managing the company's participation in the webinar (see attendee guidelines)
